### **"My Love Is Real"**

Visit "[My Love Is Real](#)" on MotoLyrics.com

My love for you is like, is like a sweet refrain  
Real, real true love, is like a burning, burning flame  
My love for you will live through storm and rain  
My love, my love for you is real.

My love for you, words can never express  
God, God only knows, that I'll love you, love you best  
With only you my love could ever rest  
My love, my love for you is real.

My love for you will live forever  
Forever and a day  
If you love me, love me my darling  
Won't you show me in your own sweet way?

My love for you makes me want you near  
Within, within my heart, I really need, need you dear  
Sometimes true love can make a, make a man shed  
tears  
My love for you is real.

Oh, my love, oh my love for you is real.
