(B. McNulty)

I believe

The one and only

love I need

Is right in front of me

I can't seem to find another

lover

I think I found my enigma.

Say again

You always throw me

what I mean

is that I'm a sucker for a question

I like the guess work

understand

bring to me, my enigma

Chorus:

Me thinks summer time

When me looks at you

In your summer dress

and your rockin' do

How very enigmatic you are.

If I could be

The me you wanted me to

be you'd see

I'm only scratching at the surface

I'm so much deeper

understand like you an enigma

(Chorus)

You will be my lifeline baby,

You will be my better half,

You will be my soldering iron,

You will be my golden calf,

You will be my tryptophan,

You will be my coffee can,

You will be the recipient of all my love,

Oh, mysteriosa onea,

ask of me, the questiona of the ages,

let us turn some pages,

give to me purity,

of enigma

Chrous 2:

Life me baby up
to the second tier
maybe you're my friend,
if you sit right here
Don't make a sound
if you believe in love
then you believe in fate
How 'bout a second date?
How very enigmatic you are.
