All of the time I've been singin' to you  
I've been tryin' to deal with somethin'  
You can't be serious, did I just say that?  
Oh my god, I'm a walking prissy  
I've overdone

What was I thinking?  
I give everybody too much  
Wear it on the weekend, baby  
You are freedom  
It's such a good look for you, baby

All of the time I've been talking to you  
I've been thinking you have a sixth sense  
You can't be serious, did I just say that?  
Oh my god, I'm a walking prissy, I've overdone here

Can't be serious, did I just say that?  
Oh my god, I mean

What was I thinking?  
I give everybody too much  
Wear it on the weekend, baby  
You are freedom  
It's such a good look for you baby  
Such a good look

I've been thinking you're albino  
You're a bad girl with a passion  
For fashion baby

What was I thinking?  
I give everybody too much  
Wear it on the weekend, baby  
You are freedom

It's such a good look for you baby  
Such a good look for you baby  
Such a good look for ya baby
