You shouldn't've come by
You shouldn't've come by
I've got a letter for you
This ought to do it for you

You shouldn't've come by
You shouldn't've come by
It's all in the letter sweetheart
Plain and simple loved one

Just read it
I wanna take you with
Do you wanna come with?
Listen to me, look into my eyes

How many times do I have to
Tell you to leave me alone?
I want you to turn around, walk away
Never return, go home

There's something I got to say
There's something I got to say
I've got a letter for you
This ought to do it for you

Turn it to the door
Turn it to the door
You should not treat me like that
When I got a letter for you

Just read it
I wanna take you with
Do you wanna come with?
Listen to me, look into my eyes

How many times do I have to
Tell you to leave me alone?
I want you to turn around, walk away
Never return, go home

See you later, go home
See you later

Didn't you get my other letters?
What did you do with my other letters?

I wanna take you with
Do you wanna come with?
I wanna take you with
Do you wanna come with?

I wanna take you with
Do you wanna come with?
I wanna take you with
Do you wanna come with?
