It's never been easy for me  
To find words to go along with a melody  
But this time there's actually something, on my mind  
So please forgive these few brief awkward lines

Since I met you, my whole life has changed  
It's not just my furniture you've rearranged  
I was living in the past, but somehow you've brought  
me back  
And I haven't felt like this since before Frankie said  
relax

And while I know, based on my track record,  
I might not seem like the safest bet  
All I'm asking you is don't write me off, just yet

For years I've been telling myself the same old story  
That I'm happy to live off my so-called former glories  
But you've given me a reason to take another chance  
Now I need you, despite the fact that you've killed all  
my plants

And though I know, I've already blown more chances  
Than anyone should ever get  
All I'm asking you is don't write me off, just yet  
Don't write me off just yet
