We could blame the world forever  
We could just escape together  
So are we breaking out, or are we breaking down  
We can't blame this world forever (This world forever)

The end will never come  
There's still a mountain left to climb  
But we will overcome the hurdles placed inside our  
minds  
(so close, but still so far)  
Each day will bring us a brand new starts  
(What are we fighting for)  
We cannot live like this no more  
'Cause in the thick of darkened days, we know

We could blame, the world forever  
We could just, escape together  
So are we breaking out (breaking out)  
Or are we breaking down (breaking down)  
We can't blame this world forever (this world forever)

Just need some clarity, can't seem to open up these  
eyes  
Don't want your sympathy it took me time to realize  
(This is not what I want)  
Or how I thought this life would be  
(This is not what we need)  
So take this shit away from me  
'Cause in the thick of darkened days, we know

We could blame, the world forever  
We could just escape together  
So are we breaking out (breaking out)  
Or are we breaking down (breaking down)  
We can't blame this world forever (this world forever)

(whoa-oh-oh-oh) So are we breaking out,  
(whoa-oh-oh-oh) or are we breaking down  
(whoa-oh-oh-oh) I guess what's done is done,  
(whoa-oh-oh-oh) but we will overcome

We can blame this world (forever)

We could blame, the world forever

We could just escape together

So are we breaking out (breaking out)

Or are we breaking down (breaking down)

We can't blame this world forever (this world forever)

(echo)

'Cause in the thick of darkened days, we know
