What's happening to me
I'm dying from the inside
Body hurts too much to feel
And pressure adds to pain
Deliver us from evil
Straying out of sanity

Why can't you let me be
Is nothing else important
Does my mind mean more to you
Cause if I carry on
Deliver us from evil
Screaming for your vanity

Will darkness turn to light
Will darkness turn to light
Can someone wake me from this nightmare

Here we go
Here we go

The tank is empty let it try
I'm suffering
A passion ending
So the world ceases turning
The tank is empty let it dry

So now I hope you see
I'm nothing more than human
Making plans for enemies
But here we go again
Deliver us from evil
Crawling back to insanity

Will darkness turn to light
Will darkness turn to light
Can someone wake me from this nightmare?

Here we go
Here we go

The tank is empty let it dry

I'm suffering
A passion ending
So the world ceases turning
The tank is empty let it dry
I'm suffering
A passion ending
So the world ceases turning
The tank is empty let it dry
I'm suffering

What's happening to me
I'm dying from the inside
Body hurts too much to feel
And pressure adds to pain
Deliver us from evil
Through evil
Pressure adds to pain
Your evil
We're evil
I'm evil

Will darkness turn to light
Will darkness turn to light
Can someone wake me from this nightmare

Here we go
Here we go

The tank is empty let it dry
I'm suffering

The tank is empty let it dry
I'm suffering
A passion ending so the world ceases turning (repeat)
