Pick up broken bones
Where's your sticks and stones?
Why do you use to hurt me?

Something you should know
Cannot take no more
Time to settle scores
Feel the rage that fueled me
I will not give up

Hypocrisy from jealousy
Hypocrisy from jealousy

Watch you scream, now hold on to me
Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?

Watch you scream, now hold on to me
Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?

Where's your big mouth now?
Hope you're fucking proud
Do you like your bruises?

Now you make no sound
Was your lesson learned?
Now the tables turn
What were your intentions?
So come on down now break

Hypocrisy from jealousy
Hypocrisy from jealousy

Watch you scream, now hold on to me
Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?

Watch you scream, now hold on to me

Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?

Am I the last to know?
Am I the last to know?

Hypocrisy from jealousy
Hypocrisy from jealousy

Watch you scream, now hold on to me
Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?

Watch you scream, now hold on to me
Your smile, you're triggering me
Why do you stoop so low?
Am I the last to know?
