Hey don't walk away from me I'm not done with you  
You're not done with me  
Stop we can't survive-will you die for me  
'Cause I'd die for you  
I'm not insane cut out my heart with this razor blade  
Take this sacrifice you can feed on me  
Can I feed on you

Come and take this sacrifice  
Come and take this sacrifice

CHORUS

You don't bring me pleasure  
You just bring me pain over and over again  
You don't bring me pleasure  
You just bring me pain and nothing in between

Hey there's no escape, you can't run from me  
I can't run from you  
Bow 'cause I'm your god will you pray for me  
Push your sins aside nobody cares your head's fucked  
inside  
Embrace your apathy i don't care for you  
you don't care for me

Embrace your apathy  
Embrace your apathy

CHORUS

You don't bring me pleasure  
You just bring me pain over and over again  
You don't bring me pleasure  
You just bring me pain and nothing in between
