Now is your time to die
We've gathered here to say goodbye
No more you'll cry
No reason left for you to fight
Feel pain no more
Emotions never felt before
Where do we go, we go she'll never know

Holding on to you
To keep from falling
Your eyes are closing now
Another chapter's ending

Hard times we always saw
There's nothing left of you no more
Fear has no place, no place
Cover her face

Holding on to you
To keep from falling
Your eyes are closing now
Another chapter's ending
This is our last goodbye
Goodbye!

This is our time tonight

Holding on to you
cover up her face

Holding on to you
To keep from falling

Holding on to you
To keep from falling

Your eyes are closing now
Another chapter's ending
This is our last goodbye
Goodbye!
This is our time tonight

Goodbye!
This is our last goodbye
