Have you looked into your heart did you find a memory  
or two  
Even though the flame has died maybe there's a spark  
inside  
Have you looked into your heart  
Have you searched through all your dreams did you  
ever find a trace of me  
Even though you say we're through that I'm not the one  
for you  
Have you looked into your heart  
When the evening shadows fall upon my window pane  
I find I'm crying over and over and over and over again  
Ever since we've been apart all I do is pray for your  
return  
Take a look and you will see maybe there's a place for  
me  
Have you looked into your heart

(Oh oh oh when the evening shadows fall upon my  
window pane)  
I find I'm crying over over and over and over again  
Ever since we've been apart...
