[Hughes/Turner/Marsh]

A world of trouble, betrayal and deceit  
Hiding in the shadows, there's terror in the streets  
It came without warning, no one heard the call  
Dark clouds are falling, the black rain will fall

Ride, ride the storm  
Ride, ride the storm

The distant fire, burning on the shore  
Oh the cities crumble, I hear the gods of war

Screaming for vengeance, there's no hope in sight  
Lighting and thunder, striking the night

Ride, ride the storm  
Ride, ride the storm

I know, burn in the conscience of every man  
You don't have to push me, 'cause I'll make a stand  
Won't you let me breathe?  
When I go, I give back the freedom to every child

Give me the wisdom, the sadness, the sorrow  
But leave me tomorrow  
I feel the sunshine on me

Ride, ride the storm  
Ride, ride the storm
