I see the light that shines in your eyes,
It mirrors the times in our lives and every day forever.
Now Iâ€™ve done my best to win your heart,
And youâ€™ve kept this love from fallinâ€™ apart,
When I was down to never.

Oh loneliness sometimes leads to care,
Oh I swearâ€¦

(CHORUS:)

When I look into your eyes,
Iâ€™m holding a fortune that money canâ€™t buy.
If tomorrow changes your mind just remember I love
you,

And weâ€™ll be okay.

Now when itâ€™s love thatâ€™s meant to be,
Feeling's like the fire thatâ€™s burning in me.
And itâ€™s plain to see,
I donâ€™t need nothing else babyâ€¦oh no.

(CHORUS)

When I look into your eyes,
Iâ€™m holding a fortune that money canâ€™t buy.
If the feeling should go away, just remember this love
song,
And weâ€™ll be fine.
