You need some time alone
I need to stop before I fall

Back to the part I hate
Back to the things I've done before

Still, I
Walk along with no sense of where I've gone
If it's more that what I hoped for,
then I'd hope that I was wrong

You need some time alone
I need to stop before I fall

Back to the part I hate
Back to the things I've done before

It makes no difference to the things I'll never see
You might feel a change,
but I can't change the way I feel

"It's all been lost and I don't love you anymore",
That's what shes says as she's walking out the door

Back to the part I hate
Back to the things I've done before
