When the lights have fallen, passions never end  
Feeling the fire on me, and I'll take your heart away  
I see your eyes like an eagle from the skies  
You won't resist, you will be mine tonight  
I get wild, not even ashes will remain  
Nobody knows what it means, what fire is...  
Fire, every night...  
Fire, to survive...  
Fire, every night...  
Fire, to survive...  
No more, I need the fire to spread my wings  
I need the fire to fly to your arms again... Yeah!  
I touch your body softly, and you close your eyes  
I feel this like I'm dreaming, and you will be mine  
Completely united, now it is time to burn your soul  
Give me your love, and I will give you my last breath  
I get wild, not even ashes will remain  
Nobody knows, that it means... Scream and Shout!  
Fire, every night...  
Fire, to survive...  
Fire, every night...  
Fire, to survive...  
No more, I need the fire to spread my wings  
I need the fire to fly to your arms again... Yeah!
