Into the field of horrors and sadness  
I try to survive leaving behind...  
... All my pain, I'll never fall again!  
Fight is my name and killing is my game  
I'll never give up, never surrender  
... All your tears apart!  
Now hear what I say  
It's time to break the chains  
Now I can feel it's to break free...  
... I'm living in darkness  
The end isn't far away  
And sun will shine again  
Why, I'm living in darkness  
Try to feel the magic spell  
Deep into your heart  
After the night a beam of sun  
Will show the path out of the dark...  
And you must trust your faith  
Now hear what I say  
It's time to break the chains  
Now I can feel it's to break free...  
... I'm living in darkness  
The end isn't far away  
And sun will shine again  
Why, I'm living in darkness  
Try to feel the magic spell  
Deep into your heart
