I, I've crossed through the mountains...  
And I, must return to the past  
Follow all my emotions  
To see the light again  
Ride then against the wind  
There's fire in your soul...  
Deep inside your madness never find control  
Don't, don't ask me why  
My journey has just began  
And don't, don't try to stop me  
I spread my wings and I'll fly to the skies  
Flying across the seven seas  
I'm tracing my life to the past  
Memories of sorrow I'm leaving behind  
New horizons are back  
A brave new world is waiting for me  
No one can take me apart  
I'm free to choose, I'm living my life  
'Cos now I'm saying Good Bye!  
Ride fast against the wind  
There's fire in your souls...  
Deep inside your madness never find control  
Don't, don't ask me why  
My journey has just began  
And don't, don't try to stop me  
I spread my wings and I'll fly to the skies  
No return, never again  
Don't follow me...
