Dark shadows in the sky  
In lost horizons  
Can you see these things  
That are dwelling deep inside

Chosen to be alone and...  
Banished into isolation  
My freedom lies in solitude  
My hope, no faith, just emptiness

Show me the way  
Don't lead me astray

Let me be your guide  
I am the light, the light that you see  
Let me be your guide - you're lost in me

Deep down in the ocean  
I swallow everything around  
A saviour, a traitor  
My light is the last hope  
Making the innocent drown  
This is my spell

An empty heart in a cold world  
A room of silence  
Save my soul tear down the wall  
Around my heart it's breaking down  
In lost horizons  
Can you see these things  
That are dwelling deep inside

Chosen to be alone and...  
Banished into isolation  
My freedom lies in solitude  
My hope, no faith, just emptiness

Show me the way  
Don't lead me astray

Let me be your guide

I am the light, the light that you see  
Let me be your guide - you're lost in me

Let me be your guide  
I am the light, the light that you see  
Let me be the light - you're lost in me

Deep down in the ocean  
I swallow everything around  
A saviour, a traitor  
My light is the last hope  
Making the innocent drown  
This is my spell
