The smell of trees. can only be that way. on a sunny
day.
Floating through the open window. to the cool inside.
Where we lay side by side. how can anything we feel.
ever
Mean so much. as a summer love? how can anything
we
Need. ever get in touch. with the meaning of.

A whole life waiting? wishing suddenly. that it's going
to be
The real thing. or separating. try your luck again. it's
just
Part of the adventure.

Holy cow. you do it to me now. "the soundtrack to a
Generation". oh, wow. you're getting to me now. "the
Soundtrack to a generation".

Another tune. before the light has gone. and we'll be on
Our way. the sounds and smells. will always linger on.
They're in my heart today.

We feel so lucky then. the world's a massive place. but
we
Run into each other. just one small happening. an
accident
Of fate. or the work of co-conspirators? but if we knew.
What could it do. to help us now?

Holy cow. you do it to me now. "the soundtrack to a
Generation". anyhow. just give it to me now. "the
Soundtrack to a generation". oh wow. you really got me
Now. "the soundtrack to a generation". holy cow. you're
Getting to me now. "the soundtrack to a generation".

Years have gone on in between. but all I knew at
Seventeen. is all I know now now. through times of joy
and
Suffering. the music flavours everything. that's all I
know

Now.

Holy cow. you do it to me now. "the soundtrack to a Generation". oh wow. you really got me now. "the Soundtrack to a generation". anyhow just give it to me Now. "the soundtrack to a generation".

Just give it. you're getting. you do it you really got me now.
"the soundtrack to a generation". oh wow. just give it. You're getting. you do it.

You really got me now. "the soundtrack to a generation".
Oh wow. you really got me now. "the soundtrack to a Generation".
