[1salm Pille:]

The bride was fair and frankly sweet  
The rising moon started the feast  
Don't teas the dragon, let it sleep  
You shall regret, time to retreat  
A wise man warned you didn't care  
An angel called you didn't hear  
A prayer prayed in holy fear  
The seeds of doom sprouted in tears

[Valm:]

Thorns in the pillow  
Sleep all the night long  
Under the weeping willow  
The orgy goes on  
Please raise the black rainbow

[2 salm Pille:]

Anger of gods disturbs the dream  
The worn out land under the weed  
Unbearable thirst makes you see  
The source is dry, sand in the stream  
Don't drink this sand! No you can't hear  
There's pain to stand, but you don't care  
Can you get up and take the spare  
No it's too late to revive your steer

[Valm:]

The laughing window  
Dead toads on your grave  
One desperate bellow  
Numb in frosted flame  
Please raise the black rainbow

[Pille ja Valm koos:]

Eternal rapture let it flow  
Who stole the sun - the black rainbow?  
Enchanted mind can't let you go  
Afraid of the black rainbow

[3 salm Pille:]

Descendants have paid for your sins

The king is dead, long live the king  
A feeble man in silver shoes  
Preaching the end of bloom  
Leave us alone we have no time  
So much to do before the night  
Someone has found the hidden wand  
In misery god waits the dawn
