Take time to see the wonders of the world  
To see the things you've only ever heard of  
Dream life the way you think it ought to be  
See things you thought you'd never ever see

Take a cruise to China  
Or a train to Spain  
Go round the world  
Again and again  
Meet a girl on a boat  
Meet a boy on a train  
And fall in love  
Without the pain

Everybody needs love and adventure  
Everybody needs cash to spend  
Everybody needs love and affection  
Everybody needs 2 or 3 friends

These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of

Take a lift to the top of the Empire State  
Take a drive across the Golden Gate  
March, march, march across Red Square  
Do all the things you've ever dared

Everybody needs love and adventure  
Everybody needs cash to spend  
Everybody needs love and affection  
Everybody needs 2 or 3 friends

These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things

The things that dreams are made of  
Like fun and money and food and love  
And things you never thought of  
These are the things  
These are the things  
The things that dreams are made of

New York, ice cream, TV, travel, good times  
Norman Wisdom, Johnny, Joey, Dee Dee, good times

These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of  
These are the things  
These are the things  
The things that dreams are made of
