I'm so glad to be here I could slit my fucking wrist
This chaos is just what I need to keep me nice and
pissed
My chest fills up with acid till the veins pop in my head
I wake up every morning wishing God would strike me
dead
But...

When the whole world looks at me they see some other
guy
Doesn't matter what I say, they all made up their minds
I didn't like it then, and I still don't like it now
But I find the strength to smile somehow
And say...

I'm so glad to be here I could jump off every bridge
But everybody's got a rope around one of my limbs
Tryin' to get their piece they keep on tearing me apart
They wanna get inside me so they can kick around my
heart
'Coz...

When the whole world looks at me they see some other
guy
Doesn't matter what I say, they all made up their minds
I didn't like it then, and I still don't like it now
But I find the strength to smile somehow
And say...
I'm so glad to be here
I'm really glad to be here
I'm so glad to be here
I'm really glad to be here

I'm so glad I could just hang myself from the highest
tree
I'm longing for the crush of rushing trains over me
I haven't had a good night sleep since 1995
I'm too tired to ask why I keep myself alive
But...

When the whole world looks at me they see some other
guy

Doesn't matter what I say, they all made up their minds
I didn't like it then, and I still don't like it now
But I find the strength to smile somehow
And say...

I'm so glad to be here
I'm really glad to be here
I'm so glad to be here
I'm really glad to be here
