How does she break me down
Why am I still around?
Piece by piece till I fall
When did I lose my balls

I'm not gonna think about it - this will be the last time
Sobsodded and broken-hearted, well this will be the
last time
So stop tryin' to get me started, cause this will be the
last time
This will be the last time, This will be the last time
That I will think about...

All the ways ya pushed me down
Held my face to the ground
Eating dirt once again
Somethin' when you smile ya do me in

I'm not gonna think about it - this will be the last time
Sobsodded and broken-hearted, well this will be the
last time
So stop tryin' to get me started, cause this will be the
last time
This will be the last time, This will be the last time
That I will think about you
I try so hard
But the good's just a little too good
You push me too far
But the good's just a little too good
This is where we are
Cause the good's just a little too good

How does she break me down
Why am I still around?
Piece by piece till I fall
When did I lose my balls

I'm not gonna think about it - this will be the last time
Sobsodded and broken-hearted, well this will be the
last time
So stop tryin' to get me started, cause this will be the
last time

This will be the last time, This will be the last time
That I will think about you
