"Kiss The Future"

Forgiveness and mercy. in short supply. so lonely, so
Faithful. no reason why. in my mind at this time. just
clear
Blue sky. your story just starting. now learn to fly.

It takes a miracle to make you see. my consciousness
Exploded.

Your past life. don't suit you. take my hand. kiss the
future.
Let fortune. uproot you. take my hand. kiss the future.

No time now for sorrow. meet life full-blast. let's take
on
Tomorrow. forget the past.

It takes a miracle to make you see. my consciousness
Exploded.

Your past life. don't suit you. take my hand. kiss the
future.
Let fortune. uproot you. take my hand. kiss the future.

It takes a miracle to make you see. my consciousness
Exploded.

Your past life. don't suit you. take my hand. kiss the
future.
Let fortune. uproot you. take my hand. kiss the future.

This is what you came here for. stop the engine slam
the
Door. leave that lonesome corridor.

Take the plunge and wipe the slate. smile your smile -
You're feeling great. soon you're going to celebrate.

Time has gone to hesitate. nothing now can make you
Wait. take control of your own fate.

Take tomorrow in your hand. make the others
understand.

One break you must demand.

Your past life. don't suit you. take my hand. kiss the
future.

Let fortune. uproot you. take my hand. kiss the future.
