Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterdays

It's been a very long, long time  
Since I last remember seeing you  
I hope you write and say you're fine

Did you ever sit and dream  
Of the time when we would meet again?  
It's very hard, now you're not mine

The phone's right next to you  
And you know just what to do  
Just pick it up and call my name

Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterdays

Tomorrow's just a step away  
Till I come running back to you  
I hope you stay right by my side

I thought I'd never see  
My angel back here next to me  
Promise me that you won't hide

The phone's right next to you  
And you know just what to do  
Just pick it up and call my name

Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterday

And you know there ain't much time  
I'm so alone, please come home  
I'm on my own

Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterday

Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterday

Let's get together again  
All you need is here to stay  
Let's get together again  
Forget about your yesterday
