When you ask me do I mean it
You have to know
You are the only one

You ask me if it is forever
How can I show?
There's no comparison

Beyond your doubt
Beyond devout
Beyond the stars tonight

One man in my heart
One man in my head

One man in my home
One man in my bed

My faith is stronger than existence
Longer than time
More fiery than the sun

Within a universe exploding
Though we are mist
Among oblivion

Or should I lie?
So you can cry
In your sleep tonight

One man in my heart
One man in my head

One man in my home
One man in my bed

One man in my heart

Your clumsy grace
I love your face
And when we meet
Your kiss so sweet

The things we choose
(The things we choose)
The life we use
(The life we use)

The things you say
(All the things you say)
The need to say
(And the need to stay)

One man in my home
One man in my bed

One man in my heart
One man in my home
One man in my heart

One man in my home
One man in my bed
One man, one man in my

One man in my heart
One man in my head
One man in my home

One man in my home
One man, one man in my bed
One man in my bed

One man in my heart
One man, one man in my head
One man in my heart

One man in my home
One man in my bed
One man in my heart
