Don't delay

Today

You've got to join the party

There's no choice

Your voice

Will join the sound sound sound sound

Light the flame

Our aim

Let's get the whole thing started

Tell your friends

Attend

Look what we've found

And if you're scared

Or unaware

There's no-one here

Who'll put you down

Don't be afraid

You make the grade

Don't hesitate

Come into town

Come on

Everyone is going to

Party, party

Everyone is going to

Party - yeah

That's the place

Our base

Will make the whole world welcome

No-one cares

What you wear

Just come on down

You'll be there

And you will share

With people

All around

And you'll be strong

'Cause you belong

To everyone

You've found

I said come on

I said

Everyone is going to

Party, party

Everyone is going to

Party - yeah

Everyone is going to

Party, party

Everyone is going to

Party - yeah

And I say yeah

Come on

Everyone is going to

Party, party

Everyone is going to

Party - yeah

Come on

Everyone is going to

Party, party

Come on

Everyone is going to

Party - yeah
