And when I saw myself  
I started to cry  
You held me  
I'll do anything you tell me

'Cause you and I are meant to be  
I feel it when we touch  
You're the first one who  
Could love me so much

You find a wall and break it down  
You uncover a lie, the truth is found  
You're good for me  
It's meant to be, oh yeah

And when I kiss you  
I always close my eyes  
It feels so incredible  
Like your blood flows through mine

We are one  
Your smile's so warm  
And bright like the sun

'Cause you and I are meant to be  
I feel it when we touch  
You're the first one who  
Could love me so much

You find a wall and break it down  
You uncover a lie, the truth is found  
You're good for me  
It's meant to be, oh yeah

It's a miracle, it's a miracle  
It's a miracle, oh yeah

'Cause you and I are meant to be  
I feel it when we touch  
You're the first one who  
Could love me so much

You find a wall and break it down  
You uncover a lie, the truth is found  
You're good for me  
It's meant to be, oh yeah
