If I hailed a taxi cab  
Would it send me the right way?  
If I had another chance  
Would I want to change my life today?

'Cause lately, I've been thinking  
Is it really worth the ride?  
But she's the one that's telling me  
Just to give it one more try

When I'm lost  
And just don't know what to do  
She's the voice in me  
Just guiding me through

I'm never gonna leave her, she's my friend  
I'm never gonna run away to find a better day  
And I'm never gonna tell her goodbye  
She's the reason I'm alright

I don't need a way to see tomorrow  
Where I'll be, I could wish for many things  
But the future ain't all up to me  
She's the one I trust in

Like I trust the beating of my heart  
Never gonna lose my way  
'Cause I found my guiding star

When I'm down  
And just don't know what to do  
She's the voice in me  
Just guiding me through

I'm never gonna leave her, she's my friend  
I'm never gonna run away to find a better day  
And I'm never gonna tell her goodbye  
She's the reason I'm alright  
I'm alright, she's the reason why

I'm never gonna leave her, she's my friend  
I'm never gonna run away to find a better day

And I'm never gonna tell her goodbye  
She's the reason I'm alright
