There's a long road ahead  
You can ride on forever  
And the dusty red  
Can clear away your mind  
There's no need for better

Now she's there  
When all of my thoughts are gone  
And the scent of her hair  
Can carry me along  
There's no need for better

My paperback fairytale  
Oh nothing can vent me falling for her  
How can I stand and watch her walk away?

CHORUS:  
When she's taken my heart  
She's taken my soul  
And without my noticing  
She's taken my word

The road goes on  
And time teaches everyone  
Once love's gone it tears a piece inside  
So how can I leave her

My paperback fairytale  
Oh nothing can vent me falling for her  
I'll never turn and let her walk away

CHORUS

Cherish the moment I look in her eyes  
Time on my hands seems to pass like the skies  
Poured all her heart into mine  
'Cause she's taken over

She's taken my heart  
She's taken my soul  
She's taken my word

She's taken everthing

CHORUS

She's taken my time  
She's touched me deep inside  
And without my noticing

CHORUS
