(Something in the way she moves me)
Baby you're lookin' mighty fine tonight
Makes me just feel I wanna hold you right
Come let me take you on a ride with me
Oh girl you give me everything I need

('Cause I like it) I like it
(A you got it) 'Cause you got it baby
(And I want it) Right now
(Don't you hide it) Don't you hide it
(Girl let's try it) I wanna try it with you
(Let's satisfy it) Bring it home to me
(Bring it on home, bring it on home baby)

'Cause there's something in the way that you move
And you just don't know what you're making me do
Something in the way that you groove
And all I wanna do is get down with you

Lady don't have me waitin' for too long
I got this feelin' deep inside so strong
No-one could ever touch what you do
You really turn me on, baby through and through

('Cause I like it) Oh I like it baby
(A you got it) Oh, you got it
(And I want it) Oh right now
(Don't you hide it) Don't you hide it from me
(Girl let's try it) Ooooh
(Let's satisfy it) Bring it home to me
'Cause there's something in the way that you move
And you just don't know what you're making me do
And there's something in the way that you groove
And all I wanna do is get down with you

'Cause it's way that you move that makes me feel so
fine
And it's the way you groove that makes me blow my
mind
It's the way you move that makes me feel so fine
It's in the way you move that makes me - ooooh

(Something in the way that you move)
And you just don't know what you're making me do
Something in the way that you groove
And all I wanna do is get down with you
(Down, down, down)

Do you wanna get personal?
'Cause I wanna get close to you
I wanna tell you 'bout the way I feel

Something in the way
All I wanna do is get down with you

Do you wanna get personal?
(Oh I like it baby)
'Cause I wanna get close to you
I wanna tell you 'bout the way I feel
Never felt a love so good
Wouldn't stop it if I could
I'm gonna show you that this love's for real
