[Tha Realest]

Wassup, it's Tha Realest

Sendin this out to my big homey Pac

Lettin the world know that even though I plans on puttin  
heat down

got to lay it for a little while homey

Huh, it's still goin down

Still ridin

And even before ya went on ya little mission

ya left your little homey your blessins

So now I can't do nothin but stand strong

I pray for better days, laid in alleyways

Asked the Lord to help me thru these hard days

I cursed the world in tongues, I guess thy will'll be done

I'm tryin it til the day that I'm gone, can you see me  
smilin?

Hopin I got my life straight, I can't wait

to meet my saviour at them pearly gates, can't you see  
me?

My thug style brought me fortune and fame

Didn't deserve to get treated the way I did, baby feel  
my pain

False accusations make the whole world listen

Stand at ease but please pay attention, all I know

one day, homey that I'ma make it, hard times

but believe me homey I can take it, now stand strong

Jail time gave me a strong mind

Collect my thoughts to help me past my time, ain't no  
time to cry

Understand this is the way I was raised

That's how it is until the day I touch the grave, now  
stand strong

[Jewell & Danny Boy]

I feel the happiness

I see the pain, heyehey

You just gotta stand strong

Yououaaaah

Whoaaaawhoa

You just gotta stand strong

[Tha Realest]

Now as the sunshine hits my face I'm thinkin I  
shouldnt've caught the case  
Fast times, the wrong place, now call my lawyer  
Tell him, that I need his help and understand  
I'm goin for broke so what's left? Call it suicide  
Gang ties left me forever scarred  
What can I say cos homey times were hard, now bless  
your soul  
We turned on some of the wrong streets  
but we were only tryin to make our ends meet, now that  
we made it  
Can't understand the attitudes  
The way you were bein treated baby, that shit is rude  
Now keep your head up and don't forget to stay in  
touch  
and take ya time to learn this game baby and don't  
rush  
Raise your seed to be a strong man  
Because his momma did the best that she can, so ya  
gotta love her  
There's so many to blame when things are wrong  
but keep your head up baby and stand strong, heyyyy

[Jewell & Danny Boy]

You got to, you got to  
You got, you got, hey hey  
You just gotta stand strong  
You, you you you, gotta  
Staaaand, oohyeaheyeah  
You just gotta stand strong

[Tha Realest]

Memories that I can never forget, Lord  
these handcuffs tightly bruise my wrists and that's no  
bullshit  
See me makin the best out of these situations  
So many have died from too much conversation  
Inside my heart believe my spirits stand strong  
Already knowin that I won't live long, heyyyy  
Call me a sacrifice to the world, let me live  
and Lord please bless my baby girl  
Sometimes I wonder what the hell I coulda been  
but I got sidetracked from too much fuckin seein, when  
will it ever end?  
Tell me the secrets to these lost ass questions  
Drawin my pistol for motherfuckin protection, now  
stand strong

[Jewell & Danny Boy, (Tha Realest)]

You, you (I knew you gon' make it)  
You got to, you got to, hoo (To all the ones that love to

When, when will your friends turn their backs on you?

You gotta stand up and be strong  
Will the chain let go of your heart?  
Let go, let go, let go  
You gotta stand, you gotta stand, you gotta stand  
strong  
Take it from me, it gets so hard some times  
but you, you've gotta you've gotta you've gotta  
you've gotta you've gotta you've gotta, gotta be strong  
You, you, you  
You  
Gotta

No matter how hard, how hard it gets ooh  
You've gotta be, hee  
You just gotta be strong  
No matter if your heart's cryin  
No matter if you're in a row, hoo  
Heeyeah, ooh yeah  
You just gotta be strong  
I know it hurts you, I know it hurts you too  
but you gotta be, strong
