Your sweet smile is open mouth with jagged teeth
I'm just a girl Without apology
Go starve yourself to nothing I'll never go away
I could be death for you If you believe
I'm just a girl without apology
To you I am DISEASE
Starve yourself to nothing
I'll never go away
I wait for you to fall it's beautiful
I will be the one
You can't take this from me
I bet you thought you knew everything about me
You don't know anything. No, so just fuck off
I wait for you to fall it's so beautiful
I will be the one
You can't take this one from me
