Oh quick you look at me
And it all just disappears
What is this?
It's my faith and it's spilled all over you
I relax. I breath your name like I did in high.
I go ahead I lie to you borrowed is this time I cracked -
Faded - gone
You see my all spilling it's on the floor
12 stories high as I watch you wreck yourself over
nothing
I could be your anything you want and still never
younger
I go ahead I lie to you borrowed is this time.
We are perfect when we lie we are always losing,
Let's go home it's over.
Remember this I always kept a little something to
myself
Now I can't breathe your name
I'm giving up that something
I'll go ahead I lie to you borrowed is this time
We are perfect when we lie
We're always losing
Let's go home high
We are perfect when we lie
We're always losing
Let's go home it's over
