I've had enough of fucking Simple Plan
And all those other shitty pop punk bands
I wanna see more bands with real substance
Write some songs about political
Situations rather than shopping malls
Stop making tour shirts in sweatshops

Stand up for something real
Stand up for your beliefs
Stand up for underpriveledged youth
And don't be another
Cover page for Teen People
Spokesband for some shampoo
Or a headliner on the Vans Warped Tour
Have some integrity.
