Beliefs breeding hatred, hatred breeding hatred,  
The chain continues to grow  
Another 10, 000 sent off to kill for reasons to them  
unknown.  
Will they ever see home again?  
Will the people they meet see home again?  
Will we ever find a way out of this mess?  
Why are we still fighting?  
Why are actions still stronger than words?  
It's time to put down our weapons and arm ourselves  
with knowledge  
Ignorance is hate, hate is violence, violence is  
suffering,  
Suffering is apathy, apathy is ignorance, it's just a  
fucking circle  
Break free, break free, be an individual  
Break free, break free, stop reciting verses of  
ignorance.
