Unite! Join now and fight the bigotry
Defend! Punk values and mentality
Stand strong! Against the current of society
Create! The world in which you want to be

Society is in dire distress today
Blood and oil flow more freely than water
Come with us, join the fight, we're gonna find a way
To change the world for our sons and daughters

Our hearts all beat the same!
The oppressors of the world, we will fight against them
Marching arm in arm!
Come and join the fight to destroy this fascist system
Humanifesto!
More than just a name, it's a code by which we live
Our declaration of intent, take this message to the
streets:
Our hearts all beat the same!

Resist! Settling for conformity
Support! Fellow fighters in your local scene
Refuse! Corporate growth in your community
Stand tall! Fly your colours for the world to see

Now the world is in a state of clear disarray
Governments are at a loss for what to do
Come with us, join the fight, we're gonna find a way
To make a better life for me and you!
