"Safe In Mouth"

Your words are safe in mouth
But should those thoughts come trickling out
You'll likely find your words being suppressed
Cuz your thoughts have become hate crimes in the
eyes of government.

How can we protest
When words aren't allowed?
They silence our voices
To silence ours minds

Our media
Are being bought by billionaires
Hiring new editors
To ensure the only news we hear is what they want us
to

How can we protest
When words aren't allowed?
They silence our voices
To silence ours minds

We will rise up and we will fight
The scenes of pain will be our launching site
We'll poster, protest, scream our message out
We'll have safety in our lives not just our mouths

The tides are turning
Independent media
Are giving us a voice
And governments will soon find out you can't silence
the truth!

How can we protest
When words aren't allowed?
They silence our voices
To silence ours minds

We will rise up and we will fight
We'll reclaim our rights
The scenes of pain will be our launching site
A fight for justice

We'll poster, protest, scream our message out
Our passion ignited
We'll have safety in our lives not just our mouths
To speak out and fight
