I've been all around this world traveled all over this globe
I blazed my own trail walked on all different types of roads
I stayed a fugitive from the money that I owed
Been in jail fist fights even broke the secret code
I wear some scars like the aging on my face
When I'm said and done I will disappear with out a trace.
A living legend yes I'm living to tell I even been to heaven shit even visited hell
. You wanna know how I'm living I guess I'm OK, I'm OK
You wanna know how I'm living, it's just another day.
I drank a quart of faygo out of Violent J's cup, I was at a rave on E in the summer of love, I ve been to mansion yacht parties even slept out on the streets.
I signed my 1 st record deal w/ Mr. Easy E
I played w/ every band I ever wanted to see
Fishbone, Janes Addiction, Bad Brains, MDC,
Pennywise, Vandals, Eminem and I.C.P
I slept out in the mountains even camped out on the beach.
You wanna know how I'm living I guess I'm OK, I'm OK
You wanna know how I'm living, it's just another day.
Every time I threw a club

You caught me counting grand's
I've won the Cannabis cup
I even smoked weed in Japan
Fine and foxy ladies
Yeah, I guess I've known a few
But I married 1 had another and now there's only 2
I wear some scars like the aging on my face
When I'm dead and gone I will disappear with out a trace.
A living legend yes I'm living to tell I even been to heaven shit even visited hell
You wanna know how I'm living I guess I'm OK, I'm OK
You wanna know how I'm living, it's just another day.
Look over my shoulder
Why? I'm never turning back
I got a ways to go

I'm rollin from the fastest sacks
A little Bob Marley and a pocket full of cash
And if I'm in some trouble, yeah I'm known to dine and
dash
I wear some scars like the aging on my face
When I'm dead and gone I will disappear with out a
trace.
A living legend yes I'm living to tell I been to heaven
shit, I even visited hell
You wanna know how I'm living I guess I'm OK, I'm OK
You wanna know how I'm living, it's just another day.
