I'll take your word  
If it rains I'll wear my coat  
Don't tell me now  
What, what is to come  
I live from day to day  
Who knows what tomorrow may bring  
Love and fate run hand-in-hand  
I know there must be a better land  
Ooh, ooh  
Yeah, I know there must be a better land  
I'll take your word  
That a moonbeam can be heard  
Time passes by  
But my heart still stays the same  
She came just like the sun  
I know she's mine, I know  
You see the stars and yet  
I am the earth  
And she is my water, yeah  
I am the earth  
And she is my water  
I'll take your word  
That your moon has moved away  
Don't look ahead  
For me, I'll wait my turn  
I am the earth  
And she is my water  
I've found all I need is my love  
In the day, oh at night  
In the morning  
She can tell when I'm down  
I'll sing this song  
When things are all wrong  
I live from day to day  
Who knows what tomorrow may bring  
Love and fate run hand-in-hand  
I know there must be a better land  
I know there must be a better land
