If we could just get away  
Get away from this place  
We spend our whole life chasing nothing  
It seems like it's all such a waste  
Aaaaah Aaaaah This is Paradise  
Oooooh Oooooh Oooooh Fools Paradise  
We keep on wasting away  
Smoking n drinking this way  
We spend our whole life chasing nothing  
It seems like it's all such a waste  
Aaaaah Aaaaah This is Paradise  
Oooooh Oooooh Oooooh Fools Paradise  
Life don't get better than this  
Ba-Ba-Ba-Ba Bada Baba Bada  
Life don't get better then this now  
There's highs and there's lows

You know there's valleys and peaks  
But the water flows freely thru my soul up there in  
Peppermint Creek  
It's good to be free  
Aaaaah Aaaaah This is Paradise  
Oooooh Oooooh Oooooh Fools Paradise  
Life don't get better than this  
Ba-Ba-Ba-Ba Bada Baba Bada  
Life don't get better then this now  
Long live the sign reads  
Still looks blurry to me  
Drinking rum with the Salty Sailor picking mangos down  
in Belize  
The pirate's life for me.  
Oooooh Oooooh This is Paradise
