When the mountain are out of focus
And the air begins to choke us
And the oceans are to polluted to swim in
When the predators our preachers, abusers are our
teachers
What kind of sick world are we living in?
What kind of sick sick world
What kind of world
What kind of sick sick world
Are we living inâ€??
These are dangerous timesâ€?.ohhh!
It's the ultimate game of truth or dare
Society strapped to the electric chair
So what's it gonna take for people to care
Shortness of breath or poisoness air
When police and politicians are committing the crimes
And everywhere around you is a sign of the times

When nature is evil and freedoms the beast
These are dangerous times
What kind of sick sick world
What kind of world
What kind of sick sick world
Are we living inâ€??
These are dangerous timesâ€?.ohhh
When the mountain are out of focus
And the air begins to choke us
And the oceans are to polluted to swim in
When the predators our preachers, abusers are our
teachers
What kind of sick world are we living in?
What kind of sick sick world
What kind of world
What kind of sick sick world
Are we living inâ€??
These are dangerous timesâ€?.ohhh
