You look to me like you know what you see  
Every step that you take coming closer  
Yes I can see underneath your I.D.  
You're a woman  
You're a woman  
On your hands are the rings  
That a bond of love brings  
And your eyes tell a story of sorrow  
Yes I have the love of an elf and a dove  
And a woman  
And a woman  
Love sings like a nightingale lantern show  
I love you...  
Your light is in me...me...  
If you held the key would you share it with me  
And take me to where you belong  
Like a fly to a light, I'd be there every night  
With my woman  
Feel a kiss from your soul here inside of me  
I love you  
Please say you want me  
Please say you want me  
Oh, yeah  
Oh, yeah  
My woman  
Oh, be my woman
