I'll take your word
If it rains I'll wear my coat
Don't tell me now
What, what is to come
I live from day to day
Who knows what tomorrow may bring
Love and fate run hand-in-hand
I know there must be a better land
Ooh, ooh
Yeah, I know there must be a better land
I'll take your word
That a moonbeam can be heard
Time passes by
But my heart still stays the same
She came just like the sun
I know she's mine, I know
You see the stars and yet
I am the earth
And she is my water, yeah
I am the earth
And she is my water
I'll take your word
That your moon has moved away
Don't look ahead
For me, I'll wait my turn
I am the earth
And she is my water
I've found all I need is my love
In the day, oh at night
In the morning
She can tell when I'm down
I'll sing this song
When things are all wrong
I live from day to day
Who knows what tomorrow may bring
Love and fate run hand-in-hand
I know there must be a better land
I know there must be a better land
