You look to me like you know what you see
Every step that you take coming closer
Yes I can see underneath your I.D.
You're a woman
You're a woman
On your hands are the rings
That a bond of love brings
And your eyes tell a story of sorrow
Yes I have the love of an elf and a dove
And a woman
And a woman
Love sings like a nightingale lantern show
I love you...
Your light is in me...me...
If you held the key would you share it with me
And take me to where you belong
Like a fly to a light, I'd be there every night
With my woman
Feel a kiss from your soul here inside of me
I love you
Please say you want me
Please say you want me
Oh, yeah
Oh, yeah
My woman
Oh, be my woman
