I'll be the sun
Way up there
And I will go in most everywhere
I'll be the moon when the sun goes down
Just to let you know
I was still around
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
I'll be the weeping willow drowning my tears
And you can go swimming girl
While you were here
I'll be the rainbow
After the tears go
Wrap you in my colors and keep you warm
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
Have they told you I need you so I can't
Can't dry the tears alone
When I cry
I need to screen you from the stormy fog
To try to hide and I love you once more
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
That's how strong my love is
Etc., etc.
