On days away
When we almost killed our own
We found a way
To be distracted then absolved

And if I leave you would you smile?
And it's not up for a discussion
So don't ask tonight
Don't waste your time and walk away
It was futile anyway

We watched the blood boil
We still smiled

I'd kept my eyes on who
Should have been watching you
And yes, I meant to hurt you
And kick your insides into touch

And if I leave you would you smile?
And it's not up for a discussion
So don't ask tonight
Don't waste your time and walk away
It was futile anyway

Don't think I wanted you to stay
Don't think that I want you to stay
