What we have is a tricky situation
That won't ever get in alright
If all you want's just a dangerous liaison,
Then I've got one, right here.

I know you wanted to be the one who's safe inside
I bet it doesn't work for you,
Oh,
I don't know

Do you know what you've done?
You've turned your back on the only one
Is this one life, one death
And no god except the one in your head.

I know you wanted to be the one who's safe inside
I bet it doesn't work for you,
Oh,
I don't know.

So goodbye, my friend
You didn't make it to the end
I'm sorry you're gone,
But glad we're not afraid

So goodbye, my friend
You didn't make it to the end
I'm sorry you're gone,
But glad we're not afraid
To Carry on

To raise your glass for one last time

To you.

What we have is a tricky situation
That won't ever get in alright
If all you want's just a dangerous liaison,
Then I've got one, right here.

What we have is a tricky situation
That won't ever get in alright

If all you want's just a dangerous liaison,
Then I've got one, right here.

I know you wanted to be the one who's safe inside
Pack it up and leave here with a broken pride.

I know you wanted to be the one who's safe inside
I bet it doesn't work for you,
Oh,
I don't know
