Spent a long time slipping away,
Spent a long time dreaming.
So reach out and touch today,
It's all we're giving.

Fools will always try and take,
But if everyone can deal with the notion,
Rest assured it will always be okay.
I try to sidestep all the emotion
Rest assured it will always be okay.

Spent a long time slipping away,
Spent a long time dreaming.
Just try to grab today,
It's all you're giving.

Fools will always lie in bed,
But if everyone can deal with the notion,
Rest assured it will always be okay.
I try to sidestep all the emotion
Rest assured it will always be okay.

You're slipping,
You're slipping,
You're at your best when you're slipping.
You try to dig yourself out of your grave.
Still slipping.

I'd settle for more devotion,
Rather than slipping away.
Still slipping.
I'd settle for more devotion,
Rather than slipping away.
I'd settle for more devotion,
Rather than slipping.

If everyone can deal with the notion,
Rest assured it will always be okay.
If I try to bandage all that is broken,
Rest assured it will always be okay.
So try to sidestep all the emotion,
And rest assured it will always be okay
