Damn I'm freezing  
But I'm not leaving  
I could stay here all night  
It took me hours to find these flowers  
It took me years to think of you  
And when the good starts to turn  
Arrest this heart of mine  
Arrest this heart of mine  
The car's not working  
So I've been walking around  
And I've been drinking beer all night  
Rehearsing my lines  
Hello Goodbye  
And all these years between the two  
And when the good starts to turn  
Arrest this heart of mine  
Arrest this heart of mine  
There's something smoking in the afternoon  
It's not a fire but the siren's ringing true  
Should I return and start again  
Let's start again  
And when the good starts to turn  
Arrest this heart of mine  
Arrest this heart of mine
